Medical Society Meets.

The Powell County Medical Association met at Stanton Monday, March 5th, in the office of Dr. Johnson and held a very profitable session. The following officers were elected: Dr. B. Littlepage, President; Dr. Seay, of Rosslyn, Vice Pres.; Dr. I. W. Johnson, Sec. and Treas. Dr. Mansfield was appointed delegate to attend the State Medical Meeting at Owensboro in next October. The next meeting will be held at Stanton the first Monday in May. All M. D.'s are urged to come out as there will be important business.

Another Planing Mill for Clay City.

It is currently reported that Clay City in the near future will more than likely have another big planing mill. Here's hoping the report is true, as any such business is a welcome guest. The report comes to us pretty straight, and it's a fact that business men, men of sufficient capital, are seriously considering the project, and the matter is looked upon by them with great favor. If present plans are fully consummated the plant will likely be in operation by the middle of the year.

Returning Home Very Ill.

John W. Burgher, who a couple of years ago enlisted in the United States Army, is on his road home, but has for a few days been held up at Cincinnati for a rest, and to receive the treatment of a specialist. He is suffering from hemorrhages of the lungs and is in a very bad condition.

A Good Law.

The House at Washington Tuesday passed without opposition a bill for the relief of tobacco growers by permitting them to sell leaf tobacco without paying the tax of six cents a pound heretofore charged.

We trust that Representatives from the North will pause long enough in their efforts to reduce the representation from the

Southern States on account of their alleged treatment of the negro, to read the very exciting news that was sent over the wires from Springfield, Ohio where they have been burning out the negroes and running them out of the city.

The School Bill.

A bill has passed the House providing for the establishment of two State Normal Schools in Kentucky, the location of which is to be left to open competition among the towns and cities of the state desiring the location of same. A Commission of seven, composed of one member from each Appellate Court district, is created, whose duty it is to hear all bids, and propositions, and to locate the schools in the places offering the most advantageous conditions, everything considered.

Ten pupils from each county may receive free tuition in these schools, provided they pass the required examination and sign an agreement to teach not less than three years in the schools of Kentucky. Reasonable tuition will be paid by other students.

The bill appropriates \$50,000 for the two schools, to be expended as follows: \$5,000.00 each for equipment; and \$20,000.00 each annually for running expenses.

The intelligent citizens of the State who know the value of a trained teacher, will now look forward to a brighter day for their children and their neighbors' children. It is indeed a hopeful sign. This forward step will prove to be the most far-reaching in its effects upon the future prosperity of Kentucky of any educational measure ever passed; and, should the bill pass the Senate, as it doubtless will, it will mark a distinct epoch in the educational history of this commonwealth, as well as immortalize the patriotism, wisdom and foresight of the Legislators who stood for its passage.

The Dog Law.

The dog law, which has passed both branches of the Legislature and which will become a law by June, is quite comprehensive. The following are some of its provisions:

Every dog over four months old shall be taxed.

Every person who keeps or harbors a dog on his place, or allows it to be done, shall be considered the owner.

The Assessor shall note the name, kind, color, size, age and sex in the Assessor's book.

The tax on dogs shall be kept as a separate fund and be used to pay for sheep killed by dogs.

Elaborate provisions are made for proving the loss of sheep and claims for damage shall be acted on by the Fiscal Court.

The owner of the dog shall be liable for damages done by his dog but if the persons bitten are upon the premises of the owner at night, no damage shall be allowed.

All dogs listed for taxation shall be regarded as property and the owner may recover for all damages done to his dog.

Every person who owns or harbors a dog and fails to list it with the Assessor, shall be fined ten dollars for each dog, and if he fails or refuses to pay the tax he shall be fined twenty-five dollars for each offense.

The Sheriff and his Deputies and the Constable shall kill or cause to be killed, all dogs on which the tax is not paid, and shall be allowed fifty cents for each dog killed.

Any person who shall put out poison upon his own premises or elsewhere where the same may poison any dog shall be fined from \$2 to \$25 or put in jail for six months or both, at the discretion of the jury, and shall be liable for damages to the owner of the dog.

The tax is one dollar on each dog.

The law contains many other provisions, but these are the most prominent.

BEAUTIFY YOUR HOME WITH KINLOCH PAINT

Important Memorandum—The painter is the most important factor in painting. A job done by a good painter with the best quality of paint, costing no more than a job done by a poor painter with the best quality of paint, will last ten times as long. The painter's job is to make the paint last. The painter's job is to make the paint last. The painter's job is to make the paint last.

A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's a saving, not an expense. But when you paint—buy only

Kinloch HOUSE PAINT

There's one indisputable reason why, a reason every honest painter will acknowledge. "The Oil is the Life of Paint," and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, gallon for gallon, is KINLOCH PAINT, and we recommend its use for every good reason we know.

OUR BIG CLUBBING OFFER.

By special arrangement with the Southern Agriculturist, the popular semi-monthly farm paper of Nashville, Tenn., we are able to give our readers the advantage of a clubbing offer which we believe is the most liberal ever made by any newspaper in the South.

In the first place, we will send the TIMES and Southern Agriculturist a whole year to any new or old subscriber who pays us 60c.

This great semi-monthly farm paper goes twice every month into 50,000 southern homes, and the regular price is 50 cents a year. It is edited by southern men and women to suit southern conditions, and is just what our farmers need. It answers free of charge any question a subscriber may ask, and its advice is given in a plain, practical way which any farmer can understand. All departments of farm life are covered, including delightful home and children's pages. Sample copies free at our office.

In Philadelphia two men, recently, had such a falling out over a goat and a small boy, that the police were compelled to "butt in."

If You ARE A Democrat

Or if You are not You will want to read

Bryan's Commoner.

ON MARCH 17 The Commoner announced the Primary Pledge organization plan. This plan provides for Democrats to sign a pledge, binding themselves to attend all primaries of their party between now and the national campaign of 1908. It is a practical method for the organization of the party by the rank and file, in order that it may prove true to its name and be the efficient servant of the people in the establishment of reform. A little investigation will convince you that the Commoner has hit upon a feasible and effective method of persuading Democrats to participate in the councils of their party.

These pledges are pouring into the Commoner office by the thousands, where they are carefully filed by state, county and voting precinct.

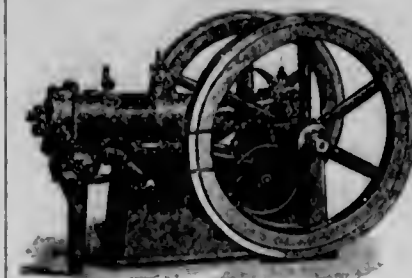

If the same interest manifested in this work during the past four months is maintained during the next two years, the total membership will exceed four million Democratic voters.

The Commoner is issued weekly, subscription \$1 a year. By special arrangements, for a short time only, we offer the **Clay City Times and The Commoner** one year both for \$1 10.
